Texas Industry Week, April 1-6

Local residents next week will have an opportunity to say "thanks" to many of the folks who help foot the bills for running the county, the city and the schools.

They can do so by helping observe Texas Industry Week, April 1-6 and viewing industrial exhibits on display by various area industries at the City Municipal Building all next week. Hours will be 8:30 a.m. to 4:30 p.m. Monday through Thursday, with a night session set from 6:30 to 9:30 p.m. Thursday, and 8:30 to noon Friday.

As of Tuesday afternoon, Chairman Larry Oefinger, who heads the Industrial Liaison Committee of the Hondo Chamber of Commerce, said seven exhibits have tentatively been signed on.

These include: Automotive Research Associates (D'Hanis Test Tract), Medina Electric Cooperative, Gary Aircraft Corporation, Burns Golden Pro, County Extension Agent, Soil Conservation District and Southwestern Bell Telephone.

"We know we will have more exhibits come Monday morning," Oefinger said. "Last year we had about 20 displays and several hundred people turned out to see them."

In addition to the exhibits, Oefinger said tentative plans call for the vocational students of the Hondo schools to tour some of the industries in the city.

"We will also have representatives of various industries available at the City Municipal Building throughout the week to answer questions," the chairman said.

"Texas Industry Week was established several years ago as a means by which the public can be made aware of how industry affects their cities and towns," Oefinger explained. "We are fortunate in the Hondo area to have several outstanding industries whose payrolls certainly provide an economic shot in the arm to the entire area. Their people are active in all types of activities vital to the city, county, schools, churches and other organizations.

"This is our way of saying 'thanks' to all the industries at one time. And we invite everyone in Hondo to join us in this appreciation."

Estate Planning Workshop scheduled for June 10-11

Preliminary plans were made Monday for an Estate Planning Workshop to be held in Hondo on Monday and Tuesday, June 10 and 11.

The event will be sponsored by the Medina County Program Building Committee in association with the Hondo Chamber of Commerce Agricultural Committee.

During the two nights speakers will cover highlights of estate planning, fair market value, wills, trusts, guardianships, community and separate property and taxes.

Each night's session will consist of about one hour and 15 minutes by speakers and some 45 minutes or so devoted to questions and answers.

Tom Prater, economist with Texas A&M University Extension Service, will serve as moderator for the workshop. Prater conducted a similar workshop in Hondo three years ago and it attracted more than 200 persons.

Merchants hold big sale event

In another effort to provide local area customers with an opportunity to keep close to home, Hondo merchants are sponsoring their annual Spring Sale this weekend.

Good in most instances for three days only, Thursday, Friday and Saturday, March 28, 29 and 30, the Spring Sale is planned under the auspices of the Hondo Retail Merchants Association.

Boycotting students come back

Hondo's school situation simmered down several more degrees this week when all but 5 of the boycotting students returned to school.

As of Tuesday no ruling had been handed down by District Judge Ross Doughty on the schools petition seeking an injunction against the group disrupting the operation of the school.

Absentee voting ends on Tuesday

Voters are reminded that Tuesday, April 2, is the deadline for casting absentee ballots in both the Hondo City and Hondo Independent School Board elections.

Both elections will be held on Saturday, April 6, and each offers a fully opposed slate for all positions.

Honor Society tells about biking plans

Members of the Mary Ethel Hartman Chapter, National Honor Society of Hondo High School will participate in the 1974 National Hike-Bike for the Retarded on April 6. They will ride bikes 30 miles to take part in this worthwhile event.

"We hope everyone who can will sponsor a "Hike-Bike" participant," a chapter spokesman said.

Calvin Hill, star running back of the Dallas Cowboys, has been named as National Chairman of the 1974 Hike-Bike for the Retarded.

The Hike-Bike campaign calls on volunteer citizens all across the country to either "hike" or "bike" for the retarded, over a measured course. Businesses and individuals are asked to pledge so much per mile for each mile walked or ridden by participants.

Riding is the event chosen for this area. Bikers will rally at the Medina County Courthouse, and the measured course will run from there toward Tarpley 15 miles up and back. Check points will be set up at intervals along the route, to accurately clock miles ridden by the participants. "Walks and Bike rides have been very successful in other parts of the country," the spokesman said, "and have raised thousands of dollars for the retarded. We are counting on the citizens of Hondo to make the campaign here an outstanding success."

Interested sponsors are urged to contact the National Honor Society at 426-2662.

Counter-claim filed in District Court

A group of Mexican-American students and parents, earlier named as defendants in a lawsuit brought by the Hondo Independent School District in connection with the February 14 walkout, has responded by filing its original answer and counterclaim in 38th State District Court on March 25.

The answer denies allegations concerning damages caused by the boycott, and issues a ten-point counter-claim citing specific alleged abuses of Chicano students by the Hondo Independent School District.

In that counter-claim, the group contends that the Hondo Independent School District's lawsuit was malicious in nature, designed to harass Mexican-American students into returning to classes. In that regard, the claim asks for judgment against HISD of $250,000 punitive damages, plus unspecified actual damages.

Additionally the claim asks for relief as follows:

That a permanent injunction be issued mandatorily enjoining HISD to implement an affirmative action program insuring equal employment and promotional opportunities for Mexican-Americans.

That HISD be enjoined to implement an equal educational opportunity program.

That HISD officials be enjoined from punishing Mexican-American students for speaking Spanish on the school grounds and otherwise causing them psychological harm.

Also the claim asks that HISD be made to pay for all costs of the suit, for reasonable attorney's fees, and for any and all other relief deemed appropriate by the Court in law or equity.

Flyer advertises Museum Day fun

Y'all come.

That's the invitation given to one and all by the new flyers advertising Museum Celebration Days on May 4 and 5.

Approximately 5,000 of them have been printed and are available to distribute, place in letters to friends (or enemies) and relatives.

The big event will be held this year at the Hondo City Park. Now that's the fun and festivities day-Antique lovers will have their hey-day on Sunday May 6, at the 4-H Barn near the Hondo Livestock Auction.

Heading the list of biggies will be the South Texas Champion Chili Cookoff, with Judy Schumann taking the reins this year to head the event.

Next, and if you ask an artist he or she will say just as important, will be the annual Art Show and Sale. Sponsored by the Hondo Art League this popular event gets underway at 10 a.m. on May 4 at the City Park.

Barbecue chicken comes around at 5:30 p.m. and Square Dancing will follow that, or be at the same time.

Tony Koch and the Country Squires will play for a big dance Saturday night and it will get underway at 8:30 p.m. on May 4 at the City Park.

And during the meantime just check all these good things where people can have fun and enjoy themselves for a good cause: Country Store, Purple Petticoat Saloon, Sidewalk Cafe, Pony Rides, Hay Rides, Cold Drinks, Bingo, Balloons, Snow Cones, Fish Pond, Pop Corn, Clowns, Baseball Dunk, Hot Dogs, Ice Cream, Bunelos.

Joe F. Smith announces for commissioner

I, Joe F. Smith, authorize this paper to announce my candidacy for County Commissioner Precinct #4.

Having lived and worked in this precinct for a number of years, I feel that I am qualified to fill this position of County Commissioner. I attended Devine High School, graduating in 1956. After that I attended Southwest Texas State University in San Marcos (It was known as Southwest State Teachers College at that time).

I am the son of Mr. and Mrs. M. C. Smith and married the former Madelyn Brieden, daughter of Mr. and Mrs. Alfred A. Brieden, who are lifelong residents of Medina County. We have three children, Robert 15, Marsha 14 and Mary Jo 12, all students in Devine schools.

Having worked in construction, oil fields, farming and ranching, custom farming and combining for the last 20 years, I feel that my working experience will be beneficial to me if elected.

I have worked and run my own business since I was 16 years old. I have paid my own expenses in this campaign, therefore, I do not feel obligated to anyone.

When elected I pledge to be a full time commissioner. The problems of the precinct will be my concern and I will work them out to the best of my ability.

I am thirty-six (36) years old, therefore, I am looking for the future of the county. Your vote and support would be greatly appreciated.

Fred Graff observes anniversary

A fifth anniversary in business is a milestone for any serious merchant. As Fred Graff approaches his fifth-year mark in the clothing and cleaning business, he's going to let his customers celebrate along with him. The event will be March 28, 29, 30, and April 1.

A big fifth-anniversary Sale will have all items in Graff's Western and Men's Wear discounted by one-fifth (20 per cent), and there will be prizes to win, too.

Only cash transactions will include the discount.

In addition to these savings, a new suit and a new pair of boots will be given away during the five-day celebration. You may register once for each time you enter the store.

Fred has been in business five years now, and he wants to continue to serve Hondo. You can help him observe his milestone and save money too this week at Graff's.

GOLF MEDALIST. . .in Monday's district golf tournament hosted by Hondo was Mark Graff, whose 78 score led all other golfers. Here district director Kenneth Flory presents Mark with his trophy. Hondo finished second as a team, will accompany first-place Devine to Regional tournament next month. See story, sports page.

EVERY SO OFTEN

. . .I take advantage of courtesy tickets or invitations to various events. And I suppose when I do anyone could accuse me of taking a form of payola which would be right, so I don't do it often.

But last week when Patricia and I saw the play "Star Spangled Girl" at the Hacienda Dinner Playhouse, I would say I was happy I accepted Neil Mogford's invitation to be his guest. Of course he had some 400 other news media people there, so I can't say I was anything special.

The play warmed up after the first ten minutes or so to be a very entertaining one. The meal had the old taste buds chortling for a long time. And being invited back stage to meet the cast after the show just added a touch to the entire evening.

All in all it proved to be a tremendously entertaining evening and it really isn't so far to drive, just head east on Highway 90, turn left on 1604 and drive until you get to the Hacienda Playhouse.

Neil Mogford is an uncle to Doug Mogford of Hondo but as I told Doug after the evening, all I got from mentioning his name was a friendly smile and a firm handshake; so if you are a namedropper leave Doug's at home.

POLITICAL RACES

. . . are won by many things. But over in Bexar County kin folks can have something to say in the race for Congressman from the 21st district. If all the relatives of John Poerner who now live in Bexar County will get out and beat the bushes the next Congressman will have to be from Medina County.

ANYONE FOR TENNIS?

. . .This used to be the question when one had nothing else better to do with his time.

It doesn't mean that today. Tennis has fast bloomed into one of the most popular sports in the U.S. and many parts of the world.

So, it is with interest that I repeat a little gossip from the Hondo Lions Club meeting last Wednesday.

John Windrow suggested that a committee be appointed to study the feasibility of building a tennis complex similar to the one Pearsall has. It could be on the old Lacy school grounds and therefore be accessible first to Hondo students and then the public.

The question was a good one, so President Tommy Hollmig appointed Windrow, Kenneth Flory and Jackie Winkler to this study committee. Information received just might start the Lions on one of their most progressive and ambitious programs in the past several years.

Letters to the Editor

Dear Mr. Editor

I would like to thank Mr. Fred Botter for allowing the Webelos of Troop 219 to join the Boy scouts on the fishing trip to Mr. Botters tank. I would also like to thank Mr. Jack Heath the Scout Master of 219 for inviting the Webelos to join his scouts.

I had a very nice time there
I caught three fish

March 25, 1974
Dear Mr. Lawrence,
People should have a choice: Do wish ; Do not wish to have city mosquito spraying on their home.
I have asked the city manager to omit spraying at our home.
Why? I get ill each time at once.
And who among us can foretell what the possible potential long-term side effects on our people may be proved in 10, 15 or 20 years?
Other readers may be able to suggest other alternatives for less mosquitoes in town such as (1) taking care of breeding places, (2) pennyroyal leaves rubbed on screen doors, (3) harmless garlic spray, (4) insect light traps.
A Saturday night T.V. newscast told of the money loss for Mississippi, due to two million chickens having too much Dieldrin (from sprayed crop feeds) believed to cause cancer in people who eat the food connected with the spray.
This spring many taxpayers are trying to raise gardens, some of them for the first time in years.
The city mosquito spray affects the growth of some plants, especially tomatoes, and also causes the local fig crop and some other fruits to be less than choice.
It's easy to get scientific information on harm of sprays, but we ordinary people can read the newspapers (such as the attached clipping).
We have only praise for the city employees, and our newspaper, even if we don't want mosquito spraying.
Sincerely,
Mrs. Paul Reily

Dear Sir:
It is with a deep sense of reluctance that I write this letter but if I'm to consider myself a man then it must be done.
When I appeared before the City Council in February requesting that the foundation part of the building code be amended, we just got the runaround. Although the Mayor stated that neither he nor the Council knew anything about building they would not take advice from someone that did.
We are very curious as to how anyone could justify having one contractor follow the building code and let another one disregard it when the jobs are only about two blocks apart.
Such dealings have left a number of us very unhappy. If we can't be treated fair we see no need of any code or anything else.
Yours truly,
Will J. Ney Jr.

Chamber of Commerce
Hondo, Texas

Dear Sirs:
We are considering making your town our new home. Would you please send us any material you have that would be of interest to newcomers in your area. We would be particularly interested in climate, universities in or near your area, school systems and job opportunities in the teaching field, also job opportunities in general.
Sincerely,
Mr. and Mrs. D. Craig McIntyre

Dear Sir:
I would like any information on spring javalina hunting. If there are any ranchers in your county or area listed will you please drop me a line.
Thank you,

Dear Sirs,
I have diligently been seeking a hunting lease for next year or for longer terms depending on availability and suitability. I have several friends who have indicated a desire to join me such as lease but please don't accept this as a limiting factor. I would be particularly interested in a lease for my family (wife & self). Any help you can give me would be appreciated greatly.
Thank you,

Dear Sirs,
I would like to find out about places of interests and historic facts of your town. I am planning on coming there and would like some information concerning places to stay also. I would appreciate any information you could send me.
Sincerely yours,

And we send out letters, also. This week they went out to all parts of Texas, from Austin to Splendora. There were twenty in all.

Regarding the everyday tasks of the Chamber, we answered four housing requests, 3 referrals, and four miscellaneous housing calls.

Took two job orders, 5 applications, 13 referrals, 15 other calls, and one for unemployment.

Brochures and maps totaled 8 for the week, with two calls on Museum Day coming in May.

Salvation Army garnered 6 requests. The foreign student Sunday visit program drew 7 responses in its first week of operation. If you wish to entertain a refined, intelligent, foreign military student in your home on a Sunday, give us a call. It's a real service to the men, and it gives them pleasant memories of Hondo to take home with them when their tour here is complete.

LIBRARY NEWS

Sally Brucks, chairman, presided at the meeting of the Board of Trustees, Hondo Public Library, held at the library Tuesday night, March 19.

Others in attendance were Board members Franklin Wiemers, Nancy Buescher, Martin Noonan, E. J. Chapa and Virginia Clift, and Lottie Maw, librarian, and Ina Mansell, secretary.

Several representatives of the Hondo Junior Service League were also present. These were Martha Sue Keilman, Susan Freeman and Susie Haass, who reported to the Board their progress in raising funds for the library. The Board expressed its grateful appreciation for the fine work this group of young ladies is doing.

Mrs. Brucks and Mr. Chapa completed their terms of office with this meeting and were thanked by the other members for their contribution of time and effort in assistance of the library.

Elected as new chairman was Virginia Clift, and a discussion was held as to who would be invited to fill the two vacancies on the Board. Several names were suggested, and this matter will be completed at the next meeting.

Librarian Maw reported that additional shelves were needed, and Mr. Wiemers was assigned the task of obtaining these. Mr. Noonan, who is a member of the Advisory Board, San Antonio Public Library, District 10, reported on a meeting of that group, which was held on March 19 in San Antonio.

Other recent news includes a memorial donation for Diane E. Collier from Mr. and Mrs. Chester W. Balzen and family. A sustaining membership donation came from Mrs. N. C. Pope. There was also a donation from E. E. Dile.

Received from Mr. and Mrs. Bob Peden were Solar System and Outer Space Maps, and Lela Stout contributed a St. Patrick's Day plaque for display.

The library truly needs these donations and greatly appreciates them. But, it is hard to understand why some readers will not return their overdue books. The facilities of the library are for all people, not just a few who are unwilling to share.

In the front window of the library there is a slot marked "Bookdrop" where books may be returned at any hour. Please use it. Regular library hours are 11:30 a.m. to 5:30 p.m. Monday through Friday.

Letters to the Editor

Dear Mr. Editor

I would like to thank Mr. Fred Botter for allowing the Webelos of Troop 219 to join the Boy scouts on the fishing trip to Mr. Botters tank. I would also like to thank Mr. Jack Heath the Scout Master of 219 for inviting the Webelos to join his scouts.

I had a very nice time there

I caught three fish

Sincerely
Sean O'Leary

Dear Mr. Lawrence,

Thank you for your editorial comment on the solicitation of library funds by the Hondo Junior Service League.

This group has "adopted" the library and is doing a fine job.

March 25, 1974

Dear Mr. Lawrence,

People should have a choice: Do wish ; Do not wish to have city mosquito spraying on their home.

I have asked the city manager to omit spraying at our home.

Why? I get ill each time at once.

And who among us can foretell what the possible potential long-term side effects on our people may be proved in 10, 15 or 20 years?

Other readers may be able to suggest other alternatives for less mosquitoes in town such as (1) taking care of breeding places, (2) pennyroyal leaves rubbed on screen doors, (3) harmless garlic spray, (4) insect light traps.

A Saturday night T.V. newscast told of the money loss for Mississippi, due to two million chickens having too much Dieldrin (from sprayed crop feeds) believed to cause cancer in people who eat the food connected with the spray.

This spring many taxpayers are trying to raise gardens, some of them for the first time in years.

The city mosquito spray affects the growth of some plants, especially tomatoes, and also causes the local fig crop and some other fruits to be less than choice.

It's easy to get scientific information on harm of sprays, but we ordinary people can read the newspapers (such as the attached clipping).

We have only praise for the city employees, and our newspaper, even if we don't want mosquito spraying.

Sincerely,
Mrs. Paul Reily

Dear Sir:

It is with a deep sense of reluctance that I write this letter but if I'm to consider myself a man then it must be done.

When I appeared before the City Council in February requesting that the foundation part of the building code be amended, we just got the runaround. Although the Mayor stated that neither he nor the Council knew anything about building they would not take advice from someone that did.

We are very curious as to how anyone could justify having one contractor follow the building code and let another one disregard it when the jobs are only about two blocks apart.

Such dealings have left a number of us very unhappy. If we can't be treated fair we see no need of any code or anything else.

Yours truly,
Will J. Ney Jr.

than fight during the Vietnam war.

The Victoria Advocate recently published an editorial against amnesty and I would like to say "amen" to these thoughts:

"There are about 31 million veterans of allwars still living in this country, including 3 million who served in Vietnam.

"Nine amnesty bills and resolutions now pending in the House of Representatives are an insult to every one of them. [And let's include that these bills are more than an affront to the memory of all who have died in the service of their country.]

"'The Amnesty legislation is aimed at Vietnam era draft dodgers and deserters. They opted for the 'cool' life in Sweden, Canada and other foreign nations rather than serve their country.

"Amnesty is simply a general pardon, and can be applied with stipulations like 'you are free to come home if you serve two years in the service', or 'you are free to come home if you'll serve two years on hospital duty'," etc.

The hearings before the House Judiciary subcommittee was jammed with young people and spokesmen for national organizations campaigning for amnesty.

"The bills are opposed by the Justice Department which has taken the position that legislation would interfere with the President's pardoning powers. A successful amnesty bill would head for a court test. The resolutions are nonbinding, just urging President Nixon to grant amnesty.

"The Selective Service system's general counsel said amnesty could lead to wholesale refusal to serve is the draft were reinstated in future conflicts.

"The Defense Department warns that amnesty would dangerously impair any future military induction programs and subsequently compromise national security.

"Army Lt. Gen. Leo E. Benade, deputy assistant defense secretary, commenting on a proposal on amnesty for draft dodgers to be conditioned on service in the military, said the Department of Defense does not want or need draft dodgers in its ranks.

"The amnesty bills obviously are a mixed bag of nonsense, an example of people wanting laws for some of the people some of the time. There possibly won't be a bill passed this session, but look for one in the future."

JUST ONE WORD

. . . on President Nixon's television appearance the other night in Houston. I do not believe in the President anymore; I feel that it would be best for our country if he resigned and allowed someone else to get on with the business at hand.

But, even though I feel this way about the man himself, I still get sick at my stomach when TV commentators like Dan Rather take advantage of a situation like the one in Houston to insult the office of the President, no matter how much he dislikes the man in office.

I, for one, thought Rather came on too strong and in very bad taste.

Museum Day plans outlined

Plans are underway to present a new, different look for this year's Museum Day's celebration.

Many of the same attractions that have pleased the crowds in past years will be back this year, but there are several new ideas, too.

For one, the whole celebration site will be moved this May from the National Guard Armory to the more spacious Hondo City Park grounds. There shady oaks and a covered dining area will lend an outdoorsy flavor tothe Chili cook-off and thert Show which will highht the celebration. ter activities planned aras follow:

* The Hondo Owl nd will hold an open-airncert on May 4.

* Homemade breadking contest will be haed this year by Mr. andrs. F. H. Hollmig. Themtest includes sweet bds. Entrants should coct either of the sponsor:

* The Home Demoration Club will ha a Country Store at thelebration. If you have items for the store, contact Mrs. F. J. DeGrodt, President, or any of the club's members.

* Mrs. Alton Haile, Art League Representative, states they have quite a number of artists registered already, and hope to have more for their Art Show and Sale.

Mrs. Rafael Tapia and her workers will make and sell bunuelos on the grounds, for celebrationgoers to eat and enjoy throughout the afternoon.

* A barbecue chicken lunch will be served at 5:30 p.m.

* A dance will follow the day's activities, beginning at 8:30 p.m. with Tony Koch and the Country Squires providing the music.

* And, of course there will be hot dogs, chili pies, cupcakes, homemade candy, soft drinks, games, fish pond, darts and other activities.

In case of rain the celebration will be held at the National Guard Armory.

Devine artist highlights Art League meeting

A Devine artist will be featured speaker at an Art League meeting Monday, April 1, at the National Guard Armory in Hondo.

Mrs. Eunice Hundley of Devine, whose work includes a whole wall of the Country Corner Restaurant, will highlight the meeting.

Mrs. Hundley brought to life the historic John Redus ranch in a large mural in the restaurant.

The mural, in six sections, measures 24 feet long, tapering from 9½ feet high at one end to 5½ feet at the other.

Mrs. Hundley entered college as a drama major, and it was only after marriage and two of her three children were born that she began studying commercial art.

Her paintings now hang in the restaurant, and several are exhibited in the Kiwanis Clubs Western Art Show held in connection with the annual rodeo in San Antonio.

Mrs. Hundley also worked in the summer of 1970 in the Witte Museum's Texas Hall of Wildlife and Ecology on the completion of several natural science background paintings.

Engagement Announced

Mr. and Mrs. Elliott Higgins of Fall River, Mass. announce the marriage of their daughter, Betty, to James R. (Jamie) Johnson, son of Mrs. N. C. (Aline R.) Johnson and the late Mr. N. C. Johnson, of Hondo. The couple was married February 15, 1974 at Cannon Falls Air Force Base Chapel at Clovis, New Mexico.

Engagement Announced

Mr. and Mrs. Franklin Wiemers announce the engagement and approaching marriage of their daughter, Karla, to Chris Wiemers, son of Mr. and Mrs. Howard Wiemers of Yancey.

The bride-elect is a graduate of Hondo High School. She is presently attending Lamar University in Beaumont where she expects to receive her degree in Dental Hygiene in May.

Chris is attending Sul Ross State University in Alpine where he is majoring in Range Animal Science.

A June 21st garden wedding is being planned.

BLUE BIRD NEWS

Camp Fire Girls, Inc., the national youth organization, has a new celebrity member. Wendy, the Good Little Witch, comic book and cartoon star, officially becomes a Camp Fire Blue Bird at a celebration to be held on Saturday, March 30, from 10:30 a.m. to noon at National Camp Fire Headquarters, 1740 Broadway, New York, New York 10019.

Attending the Wendy-Blue Bird Day celebration will be Camp Fire Girls from New York City and surrounding areas. Camp Fire Blue Birds, the youngest members of Camp Fire, will invite Wendy to repeat the official Blue Bird Wish with them: "To have fun. To learn to make things. To remember to finish what I begin. To keep my temper most of the time. To learn about nature and living outdoors. To have adventures with people, places and things. To make friends." The program will also include cartoons, entertainment and refreshments and a chance for Wendy to personally meet some of her new Camp Fire friends.

Wendy is the co-star of Casper, the Friendly Ghost. She appears with him in animated cartoons and comics produced and created by Harvey Famous Name Comics.

In becoming a Camp Fire Blue Bird, Wendy joins over 600,000 members of Camp Fire Girls, Inc. The Good Little Witch, with Casper, who is a Cub Scout, will be making personal appearances around the country.

Camp Fire Girls, Inc., is the oldest national girls organization in the United States, with membership open to girls of all backgrounds.

Happy Face Blue Birds

The Happy Face Bluebirds met Wednesday March 13. We collected our dues then we practiced our song for the Council fire. We made decorated paper sacks which we will use for seat cushions for the Council fire.

Sunday March 17 we attended church at Quihi. We said our prayers and then the pastor let us say the Bluebirds wish.

Wednesday 20th we went to the Museum and helped Mrs. Lillian Schweers dust and wax all the items they have displayed. We had a very nice visit and we want to thank Mrs. Lillian Schweers. We went to the Dairy Queen for refreshment.

Friday the 22nd we gathered for the Council Fire where all the Bluebirds and Campfire girls met. Groups from Castroville also attended.

Each group introduced themself and presented a song. We had refreshment afterwards. All of us had a very good time and I hope the visitors did too.

Loving Bluebirds

The Loving Bluebirds met Wednesday, March 20. The girls had oranges for refreshments, then they made tray favors for the patients at the hospital.

They also practiced their songs for the Campfire ceremony which they are all looking forward to.

Those present were Gina Haass, Ester DeLeon, Inez Ontiveraz, Yvonne Dittmar, Sherry Marty, Lisa Schoellman, Norma Carabajal, Mary Alice Mendoza, Dianna Lindeburg and Deena Shur.

Are you an average U.S. citizen? If so, you eat about seven and a half pounds of peanuts a year. That quantity, times the number of average U.S. citizens was not enough to keep the 1973 harvest surplus from costing the good old average U.S. taxpayers $70 million dollars last year.

Not even by eating more peanuts per each, say the computers at USDA, can you-know-who get around a tax burden of $537 million over the next four years if surplus peanuts keep on surplusing.

The report I read said a 30-year old law limits the nation's peanut farmland to 1.6 million acres of which 304,000 are in Texas according to the '74-'75 Texas Almanac.

CCC sells most surplus peanuts overseas a the prevailing world price which, wouldn't you know, is always below what the peanut producers get for producing them. That's how come the tax burden, even if I don't understand it.

Purple martins are now doing wing dips in our neighborhood in anticipation of the smorgasbord service almost any rains provide.

We seem to b forever in need, and grateful for, the rains but the martins are welcome to all the skeeters they can hold.

The American Association of Nurserymen has made what would seem to be a worthy suggestion for communities to follow in preparation for our bicentennial year, 1976. Year after next, and time's a wastin'.

AND officials ask our "some 200 million people" to consider their suggestion seriously by planting trees along our streets, plants and shrubs in parks and gardens, lawns and ground covers over the bare, unattractive spots, and flowers in window-boxes thus proving America to be God's green earth."

I think I remember that our HONDO NATIONAL BANK made trees avilable to Medina Countians last year. Several banks in this area followed a similar plan. I also remember, appreciatively, what the PAUL REILY family has done for beautification at home and elsewhere.

I have forgotten the acreage of the Museum's grounds but I know the Garden Club sponsored some plantings which, by now, should be providing welcome shade.

The present energy crisis need not apply to the energies and determination of what homefolks can do to make their own hometowns look their best for company. And somebody is sure to come.

A recent picture of Mrs. REGINA MUELLER, first centenarian resident at Brown's Nursing Center, recalled for me the pleasant visit I enjoyed with her in an interview for a story a few years ago.

She told me about her D'Hanis home, where she had lived for many "hard-working but happy years" before coming to Hondo. At her invitation, I visited the old place which still contained many evidences of her dedication to making a house a home.

In the yard, a few flowers raised proud heads above the undergrowth of brush and weeds. I liked to believe that the flashes of color were banners paying tribute to memories of the days when "Miss Regina" tended the flower beds of her own planting.

Brand new roof and all, the MEDINA COUNTY MUSEUM is making ready to greet visitors and homefolks for its annual 5th M-DAY celebration. Two fun-filled days, in fact, Saturday and Sunday, May 4-5.

Now, aren't all of you who have been hanging in there since the organizational meeting, or who have volunteered your good services since, pleased with the growing enthusiasm and progress?

No wonder young CLYDE MUENNINK's poster in the recent Junior Garden District competition received recognition.

He chose a timely subject and it seems to fit in which the American Nurserymen's plans for planting more trees. Congratulations to the 7-year old artist.

IRIS BADER reported what she calls "a wonderful example of family unity" which merits sharing. She has two sixth-grader nieces, LISA BLASSING and DIANE NOONAN who are helping her with plans for a crafts booth on M-Day.

Iris said she went to the Noonan ranch to talk over the project and found both girls sharing in a family job of plucking about 15 ducks and geese hanging from the trees. Fifteen pairs of eager hands were making the feathers fly and enjoying the work.

The "victims" were domesticated fowls raised on the ranch for family table use.

I have often heard, and perhaps used the expression "The goose hangs high" with no idea of how it originated. My curiosity led me into finding out. It is a common saying for a favorable situation; originally, perhaps, "The goose honks high" as they do in fine weather. Hence, the saying means "everything is favorable, prospects are bright."

So, the saying did apply to the geese hanging high in the Noonan trees. Prospects loomed mighty bright for some mighty good eating!

Shower honors Mrs. Weaver

Mrs. Jack Weaver was honored with a pink and blue shower on Friday night, March 15, at 7:30 at Chacon Lake Baptist Church. Mrs. Ransom Park led the group in a scrambled word game.

Mrs. Weaver was assisted at the gift table by Mrs. Park, Mrs. F. L. Graham, Marilyn Swenson, Brenda Burns, Karen Scheel and Debbie Copeland.

The sewing table was covered with a white pin wheel hand crocheted table cloth over a yellow table cloth centered with a white candelabra with yellow tapers.

The cake, a pink confection, was decorated with Easter decorations baked and decorated by Miss Louise Butts.

Serving the cake, coffee and punch were Mrs. Jimmy Driscoll and Connie, Mmes. Graham, Romus D. Johnson, Louis Vamatter and Miss Iris Swenson.

Hostesses were the women of the church. At the time of the shower, Rev. Vamatter entertained several of the husbands at the parsonage. Chocolate pie, coffee and punch were served. The chocolate pies were baked by Mrs. Iva Johnson.

100 YEAR LIFE EXPECTANCY NOT UNLIKELY

Experts on longevity predict a "youth pill" may be available within our lifetime. This could result in an average lifespan of 100 years.

Besides taking a "youth pill" various other factors can effect the rate of aging. These are said to include balanced nutrition, proper exercise and relaxation. The pattern of modern society which fosters overeating or depending on quick valueless snacks; lack of exercise, due to mechanical advancement; emotional strains and stresses contribute to how fast our bodies get old. If you want the machine, which your body actually is, to function efficiently give some thought to these facts and you may have discovered your own "youth pill".

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

Shower honors Mrs. Weaver

Mrs. Jack Weaver was honored with a pink and blue shower on Friday night, March 15, at 7:30 at Chacon Lake Baptist Church. Mrs. Ransom Park led the group in a scrambled word game.

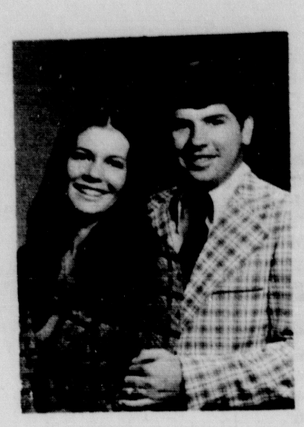
Mrs. Weaver was assisted at the gift table by Mrs. Park, Mrs. F. L. Graham, Marilyn Swenson, Brenda Burns, Karen Scheel and Debbie Copeland.

The sewing table was covered with a white pin wheel hand crocheted table cloth over a yellow table cloth centered with a white candelabra with yellow tapers.

The cake, a pink confection, was decorated with Easter decorations baked and decorated by Miss Louise Butts.

Serving the cake, coffee and punch were Mrs. Jimmy Driscoll and Connie, Mmes. Graham, Romus D. Johnson, Louis Vamatter and Miss Iris Swenson.

Hostesses were the women of the church. At the time of the shower, Rev. Vamatter entertained several of the husbands at the parsonage. Chocolate pie, coffee and punch were served. The chocolate pies were baked by Mrs. Iva Johnson.



Wanda Janell Been and Lt. Robert Shepard

Engagement Announced

Mr. and Mrs. Autry Been of Hondo announce the engagement of their daughter, Wanda Janelle, to Lt. Robert K. Shepard, USAF, son of Mr. and Mrs. W. B. Shepard of Hillsboro.

Miss Been is a 1972 graduate of Hondo High School and is attending Baylor University.

Lt. Shepard is a graduate of Hillsboro High School and received his B.S. degree from Texas A&M University in 1972.

The wedding is planned for July 6 in the First Baptist Church of Hondo.

Here in Hondo

Mr. and Mrs. Lawrence Cain of Battle Creek, Michigan and Mrs. Mamie Lasper of Alice visited in the home of Mrs. M. J. Lorfing this past week. While here the group visited Mrs. Bill Spencer of Bandera.

JV Track team competes in Uvalde meet

Hondo's Junior Varsity Owls took third place in Division III of the Uvalde Invitation Track and Field Meet last Friday. Winner in the division was Uvalde JV with 183 points. Kerrville Tivy's JV took second at 172 points, and Hondo finished with 98. Asherton was fourth with 20 points, and Brackettville had 1.

Hondo's Israel Garza set a division record with his 12'0" pole vault. Other first place finishers included Hondo's 440-relay team of Rusty Haile, Tony Tellez, Roy Carmona and Richard Reyes. The team time was 47.6 seconds.

Reyes came back to win the 880-yard run for Hondo with a time of 2:14.8. Close behind in second was David Knowles with 2:16.1.

Art Robles finished second in the 100-yard dash, and took another second place in the 220-yard dash. The Hondo mile relay team took another second in 3:52.6.

Hondo's Lupe Contreras took 3rd in the 330-intermediate hurdles, and David Knowles earned a 4th place in the long jump with a 17'5" effort.

Rifle contest

Medina County will have Junior and Senior 4H Rifle Teams comppting in the District 13 Rifle contests.

Cattlemen's Fiesta planned

A Cattlemen's Fiesta Field Day is planned for San Antonio and Castroville on Wednesday April 17.

The day, sponsored by American Breeders Service, will invite dairy and beef cattlemen to a tour of Rio Vista Farms, and to hear a program on improving breeds and modern concepts in artificial breeding.

Following the tour and demonstrations at Rio Vista Farms, a barbecue beef lunch will be served at Koenig Park, followed by educational sessions.

Master of ceremonies, as well as leader of several discussion groups for beef producers will be R. H. "Andy" Divine.

Master of ceremonies at a dairy conference at the American Legion Hall in Castroville will be John E. Quinn. Both men are district or regional sales managers for American Breeders Service.

For information concerning the Field Day, call Ken Persyn at Medina County AI Laboratory, Box 535, Castroville, Texas 78809 or call 538-2233.

Campaign signs

AUSTIN -- Political campaign signs erected along Interstate or Federal Aid Primary Highways are subject to the same regulations as other advertising signs, the Texas Highway Department said today.

The Highway Beautification Act limits the erection of signs along most major highways to areas zoned for commercial or industrial use in urban areas and to within 800 feet of a commercial or industrial activity in rural areas.

Within those limits, the owner also must have a license plus a permit for each sign.

Detailed information and application forms for licenses and permits can be obtained from Texas Highway Department district offices.

Timothy Wiemers elected

Timothy O. Wiemers, son of Mr. and Mrs. Alvin J. Wiemers of Hondo, has been elected to Tau Beta Pi, National Engineering Honor Society, as announced by the Texas Delta Chapter at Texas A&M University. Tau Beta Pi represents the highest honor to be obtained by students of engineering.

Membership is awarded on the basis of high scholarship and outstanding character.

Tim is a student in Mechanical Engineering and is presently in his senior year. He graduated from Hondo High School in May of 1970.

Bond goal is $180,000

According to Albert Vance, Chairman of the Medina County Savings Bonds Committee, the 1974 Savings Bond goal for the county is $180,000. January sales of E and H United States Savings Bonds totaled $5,288 for 3% of the sales goal.

The 1974 sales goal for Texas is $236.8 million. During the month sales were $21,189,711 for 9% of the yearly goal.

DOWNY MILDEW WON'T STOP SX-15

Last year in Texas, Downy Mildew beat up on just about every sorghum-sundangrass hybrid. But not Sudax Brand SX-15. It's bred for Downy Mildew tolerance. And DEKALB tests at Austin and Corpus Christi proved that it can stand up to the disease, produce big tonnages of forage and make fast regrowth.

SX-15 is high in T.D.N., high in palatability and low in prussic acid. Upright leaves help it make better use of sunlight. And they make it possible to plant thick for extra tons per acre.

Get the big yielding hybrid Downy Mildew won't stop. See your DEKALB dealer now for SX-15.

Hondo wins 3rd at Uvalde

Hondo's track team showed up well in the three-tier Uvalde Invitational Track and Field Meet Friday. The Owls took third place to 3-A Kerrville Tivy's 199 points and host Uvalde's 123½. Hondo gathered 85 points. In fourth place was Devine at 58, and Dilley finished fifth with 44½.

Though Gene McAnelly's first place in the 100-yard dash was the only blue ribbon earned by the Owls, Hondo trackmen gathered many of their points with second place finishes in the 440-yard relay, 120-high hurdles (Eddie Pope), 440-yard dash (Lee Haile), 220-yard dash (Gene McAnelly), and Mile Run (Gary Haass).

Gary's challenge to eventual mile winner Calvin Packer ended near the string as Haass fell, then righted himself in time to take second place only 4.8 seconds off the pace.

Other Hondo point-gatherers included fourth place finishes in 330-yard intermediate hurdles where Paul Pope took fourth place and Eddie Pope finished sixth; fourth in the Mile Run by Ed Tapia, fourth in the Mile Relay, fourth in shot put by Ted Mendoza; fifth in Discus by Pat Stein; and sixth place in the 880-yard run by Sinon Valdilles, sixth in the 100-yard dash by Sam Nooner, sixth in the 220-yard dash by Sam Nooner.

This Friday the Varsity Track team will be in Dilley for the final pre-district meet.

Next week the District Meet will be held at Carrizo Springs.

He is survived by his wife; a son, Michael A. Larkin of Devine; and a grandson, Craig Larkin of California.

Private funeral services were held Thursday.

Highway maintenance man lauded for work

From mowing grass in winter in the lower Rio Grand Valley to shoveling snow in the Panhandle, the backbone of the Texas Highway Department - the maintenance man - works with no concern for clock or barometer.

Motorists see him routinely patching worn out roads, rebuilding bridges, planting flowers and trees, painting structures, clearing roadside parks and removing dead animals off roadways.

Living according to the Code of Herodotus, "neither snow nor hail nor gloom of night" stop these men from keeping highways open and moving people out of distressed areas due to floods, sand, snow and tropical storns. They are on call 24 hours a day.

Historically, maintenance men were not paid for travel to a job site. When there, they worked until the normal workday ended and then traveled home on their own time. The Legislature recognized the inequity of this pay system so today, by law, maintenance men receive portal-to-portal pay - that is, their time is calculated from their point of departure to job site to maintenance warehouse when day is done.

The Highway department's District 15 Office, located in San Antonio, employs 77 persons to maintain all Interstate, U. S. and State highways and farm to market roads throughout its 12-county jurisdiction. In addition to Bexar County, District 15 is composed of Comal, Guadalupe, Wilson, Atascosa, McMullen, La Salle, Frio, Medina, Bandera, Kerr and Kendall Counties. There is a maintenance section office located in each of these counties, with five sections located in heavily traveled Bexar County.

Some $7.5 million is spent annually to maintain the District's 3,171 miles of roads. Economically, road maintenance is a big business asset to the communities the District serves. Such items as repair parts, fuel, oil, grease and utilities are purchased in each community where a maintenance section is located. For the entire District 15 area, annual fuel and oil expenditures are approximately $5.8 million. This represents a significant contribution to the economy of area cities and communities.

Statewide - the Highway Department employs nine thousand persons in maintenance activities to service the State's 68,435 miles of roads. Some $129 million for the 1973-74 fiscal year has been set aside for Maintenance purposes.

Based on a summary statement for the fiscal yar 1972-73, the Highway Department spent $52 million on regular maintenance. This ordinary repair work to roadway base and surfacing, shoulders, side approaches, roadside drainage and minor structures.

Also, $58 million was spent for traffic services. Examples include litter pickup, mowing, assistance to traffic in emergencies due to inclement weather and the maintenance of comfort stations and rest areas.

Upkeep of bridges and other structures over 20 feet long cost the Department $2 million. Cost of maintenance operations and materials are expected to continually increase.

The scarcity of materials and resulting delays in delivery are making maintenance work difficult to plan and execute efficiently. The current energy crisis is also expected to have an impact on Highway Department operations. The primary source of funds for maintenance work, as well as highway construction and improvement, is the tax on motor fuels.

Energy experty expect decreasing consumption of gasoline and a corresponding drop in motor fuel tax revenues for highway construction and maintenance due to the apparent shortage of fuels. However, there are no guidelines to accurately foretell the effect of "gasless Sundays", emphasis on smaller vehicles and the probable increase in in urban driving as rural recreational travel declines. So the final effect still in uncertain.

"THE BEST DEAL IN TEXAS"

A BLUEBLANKET. . .could be the word for this mutation found in the pasture of Mr. and Mrs. Fritz Hartman north of Quihi. The bluebonnet's stem is an inch wide and culminates in a huge flower formation. Individual "bonnets" are normal shape, however. The freak was one of two growing in a patch of regular, garden-variety bluebonnets.

Income tax time brings out added taxpayer involvement

Income-tax time -- a traditional test of the nation's temperament -- is focused fully on the American public with only weeks remaining before the April 15 deadline.

In the face of inflation, plus the widely publicized fact that President Nixon paid about the same amount of income tax over a three-year period as a typical taxpayer making $15,000 per year, is this year's taxpayer disgruntled and bitter?

Are Mr. and Mrs. America out to cheat the U.S. government, claiming a glut of deductions?

Is there, indeed, a taxpayer's revolt?

"In spite of everything we've heard and read that says this year's taxpayer is out to fleece Uncle Sam, we at H&R Block see no such movement and don't expect to," John Schubert, manager of H&R Block in Hondo said.

Schubert said tax preparers with Block, the nation's largest tax service with over 6,500 offices throughout the country, have noted a heightened interest by a large number of individuals "to get what is legally theirs, that is, an insistence upon every legitimate deduction to which the taxpayer is entitled.

"But we see no attempt on the part of the American taxpayer to defraud the government of income-tax dollars owed," Schubert said.

John, commenting on the temper of the taxpayer, said it is his opinion that fear and publicity of a taxpayer's "revolt" is snowballing, but not the event itself.

Johnnie M. Walters, the former Commissioner of the Internal Revenue Service, said recently that he foresees a big loss of government revenue -- perhaps as much as $1 billion -- because unhappy taxpayers are indicating a willingness to claim deductions that may be questionable. . .and to a far greater extent than ever before.

"I disagree that taxpayers are seeking questionable deductions," John said. "Our information -- from interviews with clients -- combined with the fact that the average refund is up only slightly this year, appears to confirm the honesty of the American public.

"People are telling us, 'I want to take as much as I can, but legitimately,' and they are pressing for every proper item," John reported.

Tax preparers for the Block firm, which last year prepared over 8 million income-tax returns (representing about 10 per cent of all returns filed), remind each client that all deductions should be substantiated by receipts, canceled checks, etc.

IRS officials, however, are bracing themselves for a possible "mass disillusionment" on the part of the American taxpayer. Thus, government authorities are expected to increase the number of audits of current filings.

"The taxpayer should not fear an IRS audit," John said. "An audit simply determines that each taxpayer is paying his fair tax.

"The alleged, widespread anger of the American taxpayer -- if indeed it exists -- should not be directed at the IRS," he stated. "The IRS only enforces the tax laws."

"The taxpayer who is concerned about inequities should seek reform through his elected representatives in the Congress where the tax system is formulated and put into law," Schubert explained.

Hondo golf team to Regional meet in Alice

Golf teams from Devine and Hondo will compete in the Regional Golf Tournament April 17-18 at Alice Country Club, thanks to their strong showing Monday in the district tourney at Hondo.

Devine paced the five teams entered in the event with their team score of 335 over the 18-hole event. Stanley Ehlinger led the Warhorses with his score of 79.

When Hondo and Medina Valley's last team members holed out on the 18th green, both teams stood tied at 338, so a sudden-death elimination was arranged.

Five golfers for each team had to go another two holes before a birdie by Tobin Tilley gave the Owls a one-stroke advantage and the right to accompany Devine to Alice.

Leading all golfers for the afternoon was Mark Groff with a 78 in regular play. Wayne Westbrook followed with 82; Randall Hare had an 88; Orlando Reyes scored 90, and Tobin Tilley finished with 95.

Also competing in the tournament were golf teams from Pearsall and Carrizo Springs.

Cold, damp weather hampered the efforts of all golfers and saw scores rise far above the accustomed levels of many players. But fairways and greens at the Hondo golf course were kept in excellent condition throughout the day.

Competing on the Hondo team were Mark Graff, Wayne Westbrook, Randall Hare, Orlando Reyes, and Tobin Tilley. Also competing independently in the medalist tourney were Tom Marrs and Karl Heilig.

BLUEBLANKET. . .could be the word for this muta-on found in the pasture of Mr. and Mrs. Fritz artman north of Quihi. The bluebonnet's stem is an ch wide and culminates in a huge flower formation. ndividual "bonnets" are normal shape, however. The eak was one of two growing in a patch of regular, arden-variety bluebonnets.

Income tax time brings out added taxpayer involvement

Income-tax time -- a traditional test of the nation's temperament -- is focused fully on the American public with only weeks remaining before the April 15 deadline.

In the face of inflation, plus the widely publicized fact that President Nixon paid about the same amount of income tax over a three-year period as a typical taxpayer making $15,000 per year, is this year's taxpayer disgruntled and bitter?

Are Mr. and Mrs. America out to cheat the U.S. government, claiming a glut of deductions?

Is there, indeed, a taxpayer's revolt?

"In spite of everything we've heard and read that says this year's taxpayer is out to fleece Uncle Sam, we at H&R Block see no such movement and don't expect to," John Schubert, manager of H&R Block in Hondo said.

Schubert said tax preparers with Block, the nation's largest tax service with over 6,500 offices throughout the country, have noted a heightened interest by a large number of individuals "to get what is legally theirs, that is, an insistence upon every legitimate deduction to which the taxpayer is entitled.

"But we see no attempt on the part of the American taxpayer to defraud the government of income-tax dollars owed," Schubert said.

John, commenting on the temper of the taxpayer, said it is his opinion that fear and publicity of a taxpayer's "revolt" is snowballing, but not the event itself.

Johnnie M. Walters, the former Commissioner of the Internal Revenue Service, said recently that he foresees a big loss of government revenue -- perhaps as much as $1 billion -- because unhappy taxpayers are indicating a willingness to claim deductions that may be questionable. . .and to a far greater extent than ever before.

"I disagree that taxpayers are seeking questionable deductions," John said. "Our information -- from interviews with clients -- combined with the fact that the average refund is up only slightly this year, appears to confirm the honesty of the American public.

"People are telling us, 'I want to take as much as I can, but legitimately,' and they are pressing for every proper item," John reported.

Tax preparers for the Block firm, which last year prepared over 8 million income-tax returns (representing about 10 per cent of all returns filed), remind each client that all deductions should be substantiated by receipts, canceled checks, etc.

IRS officials, however, are bracing themselves for a possible "mass disillusionment" on the part of the American taxpayer. Thus, government authorities are expected to increase the number of audits of current filings.

"The taxpayer should not fear an IRS audit," John said. "An audit simply determines that each taxpayer is paying his fair tax.

"The alleged, widespread anger of the American taxpayer -- if indeed it exists -- should not be directed at the IRS," he stated. "The IRS only enforces the tax laws."

"The taxpayer who is concerned about inequities should seek reform through his elected representatives in the Congress where the tax system is formulated and put into law," Schubert explained.

Hondo golf team to Regional meet in Alice

Golf teams from Devine and Hondo will compete in the Regional Golf Tournament April 17-18 at Alice Country Club, thanks to their strong showing Monday in the district tourney at Hondo.

Devine paced the five teams entered in the event with their team score of 335 over the 18-hole event. Stanley Ehlinger led the Warhorses with his score of 79.

When Hondo and Medina Valley's last team members holed out on the 18th green, both teams stood tied at 338, so a sudden-death elimination was arranged.

Five golfers for each team had to go another two holes before a birdie by Tobin Tilley gave the Owls a one-stroke advantage and the right to accompany Devine to Alice.

Leading all golfers for the afternoon was Mark Groff with a 78 in regular play. Wayne Westbrook followed with 82; Randall Hare had an 88; Orlando Reyes scored 90, and Tobin Tilley finished with 95.

LEGAL NOTICE

Pork Referendum and Producer Board Election

Being certified by the Commissioner of Agriculture of the State of Texas for this purpose, the Texas Pork Producers Association, 2422 Taho, Sherman, Texas 75090, proposes a referendum election on May 14, 1974 under provision of Article 55c, Vernon's Civil Statutes, on the proposition of whether or not the pork producers in the State of Texas shall assess themselves a maximum amount of 10 cents per head on all slaughter animals to be collected at the point of first processing or sale and to elect members of a 15 member commodity producers board to administer proceeds of such assessment to be used for research, predator control, disease and insect control, education, and promotion designed to encourage the production, marketing, and use of pork.

The referendum and election will be held by mail ballot which will be provided to all eligible voters not later than 15 days prior to the election. Ballots must be mailed to the polling place at Sherman, Texas before midnight on the date of the election.

Any person within this state engaged in the business of producing, or causing to be produced slaughter hogs for commercial purposes is eligible to vote, including owners of farms and their tenants and sharecroppers, if such person would be required to pay the assessment proposed.

Any person qualified to vote at the referendum may place his name in nomination for membership on the proposed commodity producers board by application to the above organization signed by himself and at least ten other persons eligible to vote in the referendum. Such applications must be filed at least 30 days prior to the election date.

Any person qualified to vote who does not receive a bailot prior to April 30, 1974 may obtain one at his local County Agent's Office.

Highway maintenance man lauded for work

From mowing grass in winter in the lower Rio Grand Valley to shoveling snow in the Panhandle, the backbone of the Texas Highway Department - the maintenance man - works with no concern for clock or barometer.

Motorists see him routinely patching worn out roads, rebuilding bridges, planting flowers and trees, painting structures, clearing roadside parks and removing dead animals off roadways.

Living according to the Code of Herodotus, "neither snow nor hail nor gloom of night" stop these men from keeping highways open and moving people out of distressed areas due to floods, sand, snow and tropical storns. They are on call 24 hours a day.

Historically, maintenance men were not paid for travel to a job site. When there, they worked until the normal workday ended and then traveled home on their own time. The Legislature recognized the inequity of this pay system so today, by law, maintenance men receive portal-to-portal pay - that is, their time is calculated from their point of departure to job site to maintenance warehouse when day is done.

The Highway department's District 15 Office, located in San Antonio, employs 77 persons to maintain all Interstate, U. S. and State highways and farm to market roads throughout its 12-county jurisdiction. In addition to Bexar County, District 15 is composed of Comal, Guadalupe, Wilson, Atascosa, McMullen, La Salle, Frio, Medina, Bandera, Kerr and Kendall Counties. There is a maintenance section office located in each of these counties, with five sections located in heavily traveled Bexar County.

Some $7.5 million is spent annually to maintain the District's 3,171 miles of roads. Economically, road maintenance is a big business asset to the communities the District serves. Such items as repair parts, fuel, oil, grease and utilities are purchased in each community where a maintenance section is located. For the entire District 15 area, annual fuel and oil expenditures are approximately $5.8 million. This represents a significant contribution tc the economy of area cities and communities.

Statewide - the Highway Department employs nine thousand persons in maintenance activities to service the State's 68,435 miles of roads. Some $129 million for the 1973-74 fiscal year has been set aside for Maintenance purposes.

Based on a summary statement for the fiscal yar 1972-73, the Highway Department spent $52 million on regular maintenance. This ordinary repair work to roadway base and surfacing, shoulders, side approaches, roadside drainage and minor structures.

Also, $58 million was spent for traffic services. Examples include litter pickup, mowing, assistance to traffic in emergencies due to inclement weather and the maintenance of comfort stations and rest areas.

Upkeep of bridges and other structures over 20 feet long cost the Department $2 million. Cost of maintenance operations and materials are expected to continually increase.

The scarcity of materials and resulting delays in delivery are making maintenance work difficult to plan and execute efficiently. The current energy crisis is also expected to have an impact on Highway Department operations. The primary source of funds for maintenance work, as well as highway construction and improvement, is the tax on motor fuels.

Energy experty expect decreasing consumption of gasoline and a corresponding drop in motor fuel tax revenues for highway construction and maintenance due to the apparent shortage of fuels. However, there are no guidelines to accurately foretell the effect of "gasless Sundays", emphasis on smaller vehicles and the probable increase in in urban driving as rural recreational travel declines. So the final effect still in uncertain.

Career Sales Opportunity

Would you like to earn $10,000 to $25,000 a year (and more) as a salesman? You can do it right here in beautiful Southwest Texas. No overnight travel is required. We offer a comprehensive three year training program. You will receive excellent fringe benefits. There is an opportunity for rapid advancement.

Of the 26 men in sales positions in our San Antonio General Sales Office, 13 earn between $10,000 and $35,000 a year. In recent years our top salesmen have qualified for meetings in Las Vagas, Washington, D. C., Disneyland, California, Honolulu, Hawaii, and Acapulco, Mexico. In April 1975, we go on a cruise to the Bahamas, all of the expenses for the men and their wives are paid by the company.

We pay a guaranteed starting salary of up to $1,000 a month. A bonus plan makes it possible to earn even more. After the initial three year training period, our men are self-employed and completely independent.

A sales background and a college degree are desirable, but certainly not essential. We have salesmen from age 22 to 73. We have no particular requirements-we are looking for honest, hard working men and women-who meet people well and who will work very hard and follow our proven sales system exactly.

Take five minutes to investigate this challenging, satisfying and rewarding career. Call San Antonio a/c 512-732-9901 — 9:00 a.m. to 4:30 p.m. - ask for Mr. Galland.

A BLUEBLANKET. . .could be the word for this mutation found in the pasture of Mr. and Mrs. Fritz Hartman north of Quihi. The bluebonnet's stem is an inch wide and culminates in a huge flower formation. Individual "bonnets" are normal shape, however. The freak was one of two growing in a patch of regular, garden-variety bluebonnets.

Income tax time brings out added taxpayer involvement

Income-tax time -- a traditional test of the nation's temperament -- is focused fully on the American public with only weeks remaining before the April 15 deadline.

In the face of inflation, plus the widely publicized fact that President Nixon paid about the same amount of income tax over a three-year period as a typical taxpayer making $15,000 per year, is this year's taxpayer disgruntled and bitter?

Are Mr. and Mrs. America out to cheat the U.S. government, claiming a glut of deductions?

Is there, indeed, a taxpayer's revolt?

"In spite of everything we've heard and read that says this year's taxpayer is out to fleece Uncle Sam, we at H&R Block see no such movement and don't expect to," John Schubert, manager of H&R Block in Hondo said.

Schubert said tax preparers with Block, the nation's largest tax service with over 6,500 offices throughout the country, have noted a heightened interest by a large number of individuals "to get what is legally theirs, that is, an insistence upon every legitimate deduction to which the taxpayer is entitled.

"But we see no attempt on the part of the American taxpayer to defraud the government of income-tax dollars owed," Schubert said.

John, commenting on the temper of the taxpayer, said it is his opinion that fear and publicity of a taxpayer's "revolt" is snowballing, but not the event itself.

Johnnie M. Walters, the former Commissioner of the Internal Revenue Service, said recently that he foresees a big loss of government revenue -- perhaps as much as $1 billion -- because unhappy taxpayers are indicating a willingness to claim deductions that may be questionable. . .and to a far greater extent than ever before.

"I disagree that taxpayers are seeking questionable deductions," John said. "Our information -- from interviews with clients -- combined with the fact that the average refund is up only slightly this year, appears to confirm the honesty of the American public.

"People are telling us, 'I want to take as much as I can, but legitimately,' and they are pressing for every proper item," John reported.

Tax preparers for the Block firm, which last year prepared over 8 million income-tax returns (representing about 10 per cent of all returns filed), remind each client that all deductions should be substantiated by receipts, canceled checks, etc.

IRS officials, however, are bracing themselves for a possible "mass disillusionment" on the part of the American taxpayer. Thus, government authorities are expected to increase the number of audits of current filings.

"The taxpayer should not fear an IRS audit," John said. "An audit simply determines that each taxpayer is paying his fair tax.

"The alleged, widespread anger of the American taxpayer -- if indeed it exists -- should not be directed at the IRS," he stated. "The IRS only enforces the tax laws."

"The taxpayer who is concerned about inequities should seek reform through his elected representatives in the Congress where the tax system is formulated and put into law," Schubert explained.

Hondo golf team to Regional meet in Alice

Golf teams from Devine and Hondo will compete in the Regional Golf Tournament April 17-18 at Alice Country Club, thanks to their strong showing Monday in the district tourney at Hondo.

Devine paced the five teams entered in the event with their team score of 335 over the 18-hole event. Stanley Ehlinger led the Warhorses with his score of 79.

When Hondo and Medina Valley's last team members holed out on the 18th green, both teams stood tied at 338, so a sudden-death elimination was arranged.

Five golfers for each team had to go another two holes before a birdie by Tobin Tilley gave the Owls a one-stroke advantage and the right to accompany Devine to Alice.

Leading all golfers for the afternoon was Mark Groff with a 78 in regular play. Wayne Westbrook followed with 82; Randall Hare had an 88; Orlando Reyes scored 90, and Tobin Tilley finished with 95.

Also competing in the tournament were golf teams from Pearsall and Carrizo Springs.

Cold, damp weather hampered the efforts of all golfers and saw scores rise far above the accustomed levels of many players. But fairways and greens at the Hondo golf course were kept in excellent condition throughout the day.

Competing on the Hondo team were Mark Graff, Wayne Westbrook, Randall Hare, Orlando Reyes, and Tobin Tilley. Also competing independently in the medalist tourney were Tom Marrs and Karl Heilig.

Rodriguez wins mile for D'Hanis

D'Hanis distance runner Albert Rodriguez distinguished himself Friday in the Uvalde Invitational Track and Field Meet by winning the mile run for Division II competition.

The tall senior miler ran the distance in 4:42.5. He won the district mile run last year as a Junior.

The D'Hanis Mile Relay team, including Rodriguez, competed in that event and placed sixth.

Tomorrow the D'Hanis track team will be at Del Rio for a final pre-district invitational tournament.

Owls down Fred'sburg 5-1

The Owls braved forty-degree temperatures on the baseball diamond to defeat Fredericksburg's Battlin' Billies 5-1 Monday in a non-district game.

The Owls didn't waste any time jumping on Billie starter Keith Hartman as leadoff man Raul Dominguez walked and stole second, then second batter Steve Mueller singled. Dominguez scored on a shortstop error, and Mueller later scored on a Gene McAnelly single.

McAnelly added a run in the fourth as he reached second on an error by the catcher, later stole third, then scored on another shortstop error.

In the fifth Mueller and Simon Arcos heaped two more runs on the pile, again on the shortstop error route.

Fredericksburg scored its lone run in the fourth inning as third -batter Jerry Durst singled, stole second, then scored on another single by catcher Bruce Itz.

Raul Dominguez went the distance for the Owls. He turned in a strong performance, striking out seven while walking only two and allowing four Fredericksburg hits.

Losing pitcher was Keith Hartman, who struck out seven, walked three and gave up five hits. The big difference in the game was in the error department. Hondo played flawless baseball, while the Billies suffered five miscues.

Hondo will go against Uvalde today (Thursday) at 4:15 in Uvalde in a non-district game.

Saturday morning the Hondo portion of the district race will open as the Owls go to Devine for a 4:30 game.

Monday afternoon Uvalde will be in Hondo for a 7:30 p.m. non-district game.

Tuesday night, also at 7:30 p.m., Carrizo Springs will come to Hondo for the home district opener.

Dear friends and fellow Texans—

I am running for U.S. Congress, House of Representatives District 21. I believe in America and our rights under the constitution. I believe that government should serve the people and not be a burden on the majority for the sake of a few. I believe in our free enterprise system. I will work to protect it.

I was born in San Antonio and grew up in Llano County in the hill country of Texas. I have lived in Texas all my life. I graduated from Southwest Texas State University in 1969. I am 28 years old.

I am not a politician nor am I a millionaire. Somehow I feel that we are tired of sending those people to represent us in Washington. I know how you feel at the supermarket, the gas pump, and at income-tax time. I am one of you.

I need your help to get elected. I am running against some well-organized and well-financed political machines with public relations people and advertising firms. All I have is you.

I must apologize to my many friends that I have been unable to see personally. I wish that I could talk to everyone in the 21st District. I think that most of you feel as I do. I hope that I will merit your consideration in this very important election.

Sincerely,
Patrick Ainsworth

LEGAL NOTICE

Pork Referendum and Producer Board Election

Being certified by the Commissioner of Agriculture of the State of Texas for this purpose, the Texas Pork Producers Association, 2422 Taho, Sherman, Texas 75090, proposes a referendum election on May 14, 1974 under provision of Article 55c, Vernon's Civil Statutes, on the proposition of whether or not the pork producers in the State of Texas shall assess themselves a maximum amount of 10 cents per head on all slaughter animals to be collected at the point of first processing or sale and to elect members of a 15 member commodity producers board to administer proceeds of such assessment to be used for research, predator control, disease and insect control, education, and promotion designed to encourage the production, marketing, and use of pork.

The referendum and election will be held by mail ballot which will be provided to all eligible voters not later than 15 days prior to the election. Ballots must be mailed to the polling place at Sherman, Texas before midnight on the date of the election.

Any person within this state engaged in the business of producing, or causing to be produced slaughter hogs for commercial purposes is eligible to vote, including owners of farms and their tenants and sharecroppers, if such person would be required to pay the assessment proposed.

Any person qualified to vote at the referendum may place his name in nomination for membership on the proposed commodity producers board by application to the above organization signed by himself and at least ten other persons eligible to vote in the referendum. Such applications must be filed at least 30 days prior to the election date.

Any person qualified to vote who does not receive a ballot prior to April 30, 1974 may obtain one at his local County Agent's Office.

Career Sales Opportunity

Would you like to earn $10,000 to $25,000 a year (and more) as a salesman? You can do it right here in beautiful Southwest Texas. No overnight travel is required. We offer a comprehensive three year training program. You will receive excellent fringe benefits. There is an opportunity for rapid advancement.

Of the 26 men in sales positions in our San Antonio General Sales Office, 13 earn between $10,000 and $35,000 a year. In recent years our top salesmen have qualified for meetings in Las Vagas, Washington, D. C., Disneyland, California, Honolulu, Hawaii, and Acapulco, Mexico. In April 1975, we go on a cruise to the Bahamas, all of the expenses for the men and their wives are paid by the company.

We pay a guaranteed starting salary of up to $1,000 a month. A bonus plan makes it possible to earn even more. After the initial three year training period, our men are self-employed and completely independent.

A sales background and a college degree are desirable, but certainly not essential. We have salesmen from age 22 to 73. We have no particular requirements-we are looking for honest, hard working men and women-who meet people well and who will work very hard and follow our proven sales system exactly.

Take five minutes to investigate this challenging, satisfying and rewarding career. Call San Antonio a/c 512-732-9901 — 9:00 a.m. to 4:30 p.m. - ask for Mr. Galland.

PART OF HISTORY. . .Amy and Marc Zerr, children of Mr. and Mrs. John Zerr could well have marked a big "only" at the dedication of the Fohn-Bless Store building in Hondo Sunday. Mrs. Zerr's great-great-grandfather was Rolf Frerich who moved the store to Hondo from D'Hanis. And John's great-great-grandfather was John Fohn who originally built the building in D'Hanis. Mary's grandmother was Ella Frerichs, who was the daughter of Henry Frerichs and John's grandmother was a daughter of John Fohn one of the original owners of the old building.

Sheriff's Reserve serves Medina County

Since its organization under supervision of the late Chief Deputy Sheriff Floyd R. Williams in June, 1971, Medina County Sheriff's Reserve Patrol has played a vital part in improving law enforcement within the county.

The group, which started with 24 volunteers, now has a membership of 40. Members are on call at all times to assist deputy sheriffs when needed, and to be available as a law enforcement body at any functions or events where their assistance may be needed or security may be desired.

After an intensive investigation and careful screening, applicants for Medina County Sheriff's Reserve are recommended through the Sheriff's department. After a period of training, they are deputized by County Judge Jerome Decker.

Shortly after their being organized, 32 members were certified through the FBI training course.

Each member is required to purchase his own uniform, service revolver and all necessary equipment.

The county supplies no money for maintenance of the Sheriff's Reserve, and all members pay their own transportation to classes of instruction, regular meetings, and when on duty for law enforcement purposes.

The organization expresses its appreciation for the support, and voluntary assistance and contributions of numerous clubs and groups within the county. It always welcomes any contribution, no matter how small.

Services of Medina County Sheriff's Reserve may be obtained by communicating with the Sheriff's Office in Hondo.

The primary purpose of the group is to be on call at any time to aid the Sheriff's Department in emergencies, and to be ready to act in time of disaster or civil disturbances.

During the disastrous flood in the Hondo area in August, 1971, 30 members of the Reserve put in a total of 241 hours on duty. They assisted in rescue work, manned road blocks where flood waters made streets and roads impassable, and assisted in setting up temporary stations from which flood victims might be transported to safety.

They also have assisted in handling the large crowds which attend the annual St. Louis Day barbecue and celebration in Castroville, and other similar gatherings in the county.

Social Security News

"Everyday people come in to our office, or telephone us, because they haven't received their social security check," said Gilbert G. Gonzalez, district manager of the San Antonio Social Security Office.

"Upon questioning, we are likely to find that the person has moved recently and failed to notify us of his new address.

"It is impossible to over-
emphasize the importance of promptly notifying the Social Security Administration, as well as the Post Office, of any change of address," he continued.

A check which is not received on time can create an unnecessary hardship, and one that can be avoided if prompt notification of the new address is made.

Notice can be given by mail, telephone, or in person at any Social Security Office. The caller should be able to furnish his Social Security claim number (the Social Security number of the perssn on tose account he gets benefits) as well as his new address - which includes the zip code.

"Most people don't realize that many Social Security questions and problems can be handled by telephone," Gilbert G. Gonzalez, district manager of the San Antonio, Texas Social Security Administrtion office stated today.

"For that reason, they make unnecessary trips to visit Social Security offices and often have to wait a long time to be interviewed because of the large number of other people also visiting. They should call to see if the situation they want to discuss can be handled on the telephone," he urged.

"I'm not speaking only of routine matters such as getting a Social Security card or general information," Gonzalez continued. "I'm speaking of our full range of services, such as filing claims, reporting changes-of-address, or reporting marriages or deaths, or non-receipt of checks -- in addition to problems involving work reports, school attendance, Medicare, and anything else involving Social Security.

We can now save many people the trip to the office and the wait there. In large cities special Telephone Service Centers have been established to handle the public's Social Security business," Gonzalez went on, "but in any city with a Social Security office you should try phoning first to see if you can be served that way. Who knows - that gallon of gas might be saved for other important business," he concluded.

The San Antonio Social Security telephone number is 225-5511.

Rodriguez wins mile for D'Hanis

D'Hanis distance runner Albert Rodriguez distinguished himself Friday in the Uvalde Invitational Track and Field Meet by winning the mile run for Division II competition.

The tall senior miler ran the distance in 4:42.5. He won the district mile run last year as a Junior.

The D'Hanis Mile Relay team, including Rodriguez, competed in that event and placed sixth.

Tomorrow the D'Hanis track team will be at Del Rio for a final pre-district invitational tournament.

Owls down Fred'sburg 5-1

The Owls braved forty-degree temperatures on the baseball diamond to defeat Fredericksburg's Battlin' Billies 5-1 Monday in a non-district game.

The Owls didn't waste any time jumping on Billie starter Keith Hartman as leadoff man Raul Dominguez walked and stole second, then second batter Steve Mueller singled. Dominguez scored on a shortstop error, and Mueller later scored on a Gene McAnelly single.

McAnelly added a run in the fourth as he reached second on an error by the catcher, later stole third, then scored on another shortstop error.

In the fifth Mueller and Simon Arcos heaped two more runs on the pile, again on the shortstop error route.

Fredericksburg scored its lone run in the fourth inning as third -batter Jerry Durst singled, stole second, then scored on another single by catcher Bruce Itz.

Raul Dominguez went the distance for the Owls. He turned in a strong performance, striking out seven while walking only two and allowing four Fredericksburg hits.

Losing pitcher was Keith Hartman, who struck out seven, walked three and gave up five hits. The big difference in the game was in the error department. Hondo played flawless baseball, while the Billies suffered five miscues.

Hondo will go against Uvalde today (Thursday) at 4:15 in Uvalde in a non-district game.

Saturday morning the Hondo portion of the district race will open as the Owls go to Devine for a 4:30 game.

Monday afternoon Uvalde will be in Hondo for a 7:30 p.m. non-district game.

Tuesday night, also at 7:30 p.m., Carrizo Springs will come to Hondo for the home district opener.

See us first for exceptional values for the entire family.

Dear friends and fellow Texans—

I am running for U.S. Congress, House of Representatives District 21. I believe in America and our rights under the constitution. I believe that government should serve the people and not be a burden on the majority for the sake of a few. I believe in our free enterprise system. I will work to protect it.

I was born in San Antonio and grew up in Llano County in the hill country of Texas. I have lived in Texas all my life. I graduated from Southwest Texas State University in 1969. I am 28 years old.

I am not a politician nor am I a millionaire. Somehow I feel that we are tired of sending those people to represent us in Washington. I know how you feel at the supermarket, the gas pump, and at income-tax time. I am one of you.

I need your help to get elected. I am running against some well-organized and well-financed political machines with public relations people and advertising firms. All I have is you.

I must apologize to my many friends that I have been unable to see personally. I wish that I could talk to everyone in the 21st Distrct. I think that most of you feel as I do. I hope that I will merit your consideration in this very important election.

Sincerely,
Patrick Ainsworth

PART OF HISTORY. . .Amy and Marc Zerr, children of Mr. and Mrs. John Zerr could well have marked a big "only" at the dedication of the Fohn-Bless Store building in Hondo Sunday. Mrs. Zerr's great-great-grandfather was Rolf Frerich who moved the store to Hondo from D'Hanis. And John's great-great-grandfather was John Fohn who originally built the building in D'Hanis. Mary's grandmother was Ella Frerichs, who was the daughter of Henry Frerichs and John's grandmother was a daughter of John Fohn one of the original owners of the old building.

Sheriff's Reserve serves Medina County

Since its organization under supervision of the late Chief Deputy Sheriff Floyd R. Williams in June, 1971, Medina County Sheriff's Reserve Patrol has played a vital part in improving law enforcement within the county.

The group, which started with 24 volunteers, now has a membership of 40. Members are on call at all times to assist deputy sheriffs when needed, and to be available as a law enforcement body at any functions or events where their assistance may be needed or security may be desired.

After an intensive investigation and careful screening, applicants for Medina County Sheriff's Reserve are recommended through the Sheriff's department. After a period of training, they are deputized by County Judge Jerome Decker.

Shortly after their being organized, 32 members were certified through the FBI training course.

Each member is required to purchase his own uniform, service revolver and all necessary equipment.

The county supplies no money for maintenance of the Sheriff's Reserve, and all members pay their own transportation to classes of instruction, regular meetings, and when on duty for law enforcement purposes.

The organization expresses its appreciation for the support, and voluntary assistance and contributions of numerous clubs and groups within the county. It always welcomes any contribution, no matter how small.

Services of Medina County Sheriff's Reserve may be obtained by communicating with the Sheriff's Office in Hondo.

The primary purpose of the group is to be on call at any time to aid the Sheriff's Department in emergencies, and to be ready to act in time of disaster or civil disturbances.

During the disastrous flood in the Hondo area in August, 1971, 30 members of the Reserve put in a total of 241 hours on duty. They assisted in rescue work, manned road blocks where flood waters made streets and roads impassable, and assisted in setting up temporary stations from which flood victims might be transported to safety.

They also have assisted in handling the large crowds which attend the annual St. Louis Day barbecue and celebration in Castroville, and other similar gatherings in the county.

Natalia & Chacon Lake News

Mr. and Mrs. Clovis E. Young had as their guests Sunday, her mother, Mrs. Frances Hudgeons, who is 97 years of age; her two sisters and brother-in-law, Mr. and Mrs. Robert Wolfe from Meineral, Mrs. R. C. Durham from Kingsville and Mr. Young's cousins, Mr. and Mrs. Robert Young from Dallas. They attended the 50th wedding reception of the Youngs at the Methodist Recreation Hall in Devine.

Mr. and Mrs. Douglas W. Caldwell have as their house guests, their daughter, Mrs. Ronald White, Douglas, Jerry and Brandon Price from Carswell AFB, Fort Worth, who arrived Friday for a two months visit while S/Sgt. White is on duty in Utah. Mr. and Mrs. B. J. Musick, Billy John Jr. and Kellie Lynn of San Antonio came out Saturday. Mrs. Musick is the former Bonnie Bea Caldwell.

Mrs. Claude M. Shaw and Miss Leona Vance are now at home after having visited two weeks in San Antonio with Mrs. Richard Page, Ricky, Michelle and James.

Mrs. C. T. Reagan returned home Monday after having visited a week in Corpus Christi with her sister and family, Mr. and Mrs. M. D. Floyd, Cynthia and Pamelia.

Mr. and Mrs. Hector Hernandez, Hector Jr. and Richard have as their house guests, her sister, Mrs. Horacio Meza and Horacio Jr. from San Luis, Potozi, Mexico.

Mr. and Mrs. Lester R. Hamilton motored to Alice Saturday for the weekend with their son and family, the Deauwayne Hamiltons, Judy, Steve, Terri Mae and Mr. and Mrs. Steve Taberer, who were visiting from Brownsville and they attended the 7 p.m. wedding Saturday at the Kingdom Hall of Miss Penny Smith and Roger Little.

Miss Donna Hopkins, teacher in the Poteet School, visited over the weekend in the home of the Melton McMillans, and they celebrated Gregory McMillan's 14th birthday Sunday with a dinner and birthday cake.

Reverend and Mrs. Charles C. Pierson had as their guests for the day Sunday, their son and family, Mr. and Mrs. John Pierson, Johnathon, Debbie and Mrs. Burl Ross from San Antonio.

Mr. and Mrs. Jack Burns attended the statewide sales meeting on Monday that was held at the San Antonio Inn and sponsored by Triple F Feed Co-operation.

Mrs. Frank Neuman was hostess to the Happy Valley Needle Club at her home at 206 W. Coker Avenue, Devine, Wednesday afternoon with seven members attending. Mrs. A. W. Cummings presided. Mrs. John L. Kempf called the roll and read the minutes from the previous meeting in the absence of the secretary, Mrs. Iven W. Thompson. A social hour was enjoyed and refreshments were served by the hostess. The meeting adjourned to meet on Wednesday afternoon, April 3, at 3 p.m. in the home of Mrs. Rubye Rucker.

Social Security News

"Everyday people come in to our office, or telephone us, because they haven't received their social security check," said Gilbert G. Gonzalez, district manager of the San Antonio Social Security Office.

"Upon questioning, we are likely to find that the person has moved recently and failed to notify us of his new address.

"It is impossible to over-
emphasize the importance of promptly notifying the Social Security Administration, as well as the Post Office, of any change of address," he continued.

A check which is not received on time can create an unnecessary hardship, and one that can be avoided if prompt notification of the new address is made.

Notice can be given by mail, telephone, or in person at any Social Security Office. The caller should be able to furnish his Social Security claim number (the Social Security number of the perssn on tose account he gets benefits) as well as his new address - which includes the zip code.

"Most people don't realize that many Social Security questions and problems can be handled by telephone," Gilbert G. Gonzalez, district manager of the San Antonio, Texas Social Security Administrtion office stated today.

"For that reason, they make unnecessary trips to visit Social Security offices and often have to wait a long time to be interviewed because of the large number of other people also visiting. They should call to see if the situation they want to discuss can be handled on the telephone," he urged.

"I'm not speaking only of routine matters such as getting a Social Security card or general information," Gonzalez continued. "I'm speaking of our full range of services, such as filing claims, reporting changes-of-address, or reporting marriages or deaths, or non-receipt of checks -- in addition to problems involving work reports, school attendance, Medicare, and anything else involving Social Security.

We can now save many people the trip to the office and the wait there. In large cities special Telephone Service Centers have been established to handle the public's Social Security business," Gonzalez went on, "but in any city with a Social Security office you should try phoning first to see if you can be served that way. Who knows - that gallon of gas might be saved for other important business," he concluded.

The San Antonio Social Security telephone number is 225-5511.
